WELCOME
to the world of Bharat

biut

Throughout this catalogue you will find new inspiration and discover new products.
You'll also learn about the stories that go along with each of our faucets
and accessories, which help to make us 'well' us.
Taking pride in our Indian heritage, we strive to ensure every experience
in our manufacturing is warm, educational and inspiring.

BHARAT is about...

Welcome to the world of BHARAT bath fittings, sanitarywares & bath accessories. A world where you will discover the joy of bathing in sheer luxury since 1980.

A world where your dream of having world class bath CP fittings will melt into reality. Over the years, we have evolved as a company that believes in innovation, workmanship and customer satisfaction.

Our quest for perfect bathroom experience is eminently reflected in the reputation that we enjoy in the market.

Our range of bath fittings has blazed a new trail in the fiercely competitive bath fitting industry. Hard Work, as always, never goes unrewarded. BHARAT believes in Perseverance, Persistence and Progression!

But more coveted is the trust of lakhs of people who vouch for its products and their quality, from India.

CARTRIDGES

- The heart of every faucet the cartridge is responsible for controlling water supply.
- Bharat cartridges are 6 lacs cycle tested to give a longer and trouble free operating life up to 20 years (considering 60-70).
- Wide angle of lever provides ultra comfort and flawless, smooth operation.
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage.
- Work smoothly even at high temperatures (85 degrees) and in various pressure conditions (0.5-b bar).

AERATORS

- Devices that mix air with water to give high flow
- Our integrated Honeycomb Laminar structured aerator provides protection from lime buildup.
- The exquisitely designed aerators helps in decreasing over all water use.

CHROME FINISH

- Upper shine protection layer provides a mirror finish to every faucet.
- High plating thickness (Nickel : 10 microns and Chrome : 0.3 microns) provides tolerance to extreme climate and water conditions.
